

How to install a legacy driver for IEEE1394 devices under Windows 7

1. Open the Windows Explorer and RIGHT CLICK "Computer" and select "Manage".

Avid.

2. Click then in the left side of the window at "Device Manager" and double click on "IEEE1394 Bus hostc ontrollers" to show the items sorted below. Now you will see at least on item which you should double click. (You might see several items if you have more than one IEEE1394 connector. Then you need to repeat from step 2 until the end for every of the items.)

3. In the following window click on the tab "Driver" and then on "Update Driver..."
