

Avid[®] EDL Manager

Version 24.0 ReadMe

Important Information

Avid recommends that you read all the information in this ReadMe file thoroughly before installing or using any new software release.

Important: Search the Avid Knowledge Base for the most up-to-date ReadMe file, which contains the latest information that might have become available after the documentation was published.

Welcome to EDL Manager. For information on using EDL Manager, see the EDLGuide.pdf file on the Avid Online Library installed with your editing application.

Known Limitations

- You must first log in as an Administrator, install the EDL Manager application, and initially launch the application as an Administrator. You may then subsequently run the EDL Manager as a Regular User.
- In EDL Manager, if you select the arrow button to open an MXF sequence, you might receive an error indicating the application could not load the sequence in the record monitor. Instead of using the arrow button to open the sequence, use File > Open and navigate to the bin containing the sequence you want to open and select the MXF sequence.
- When using EDL Manager, delete all old settings files. The main settings file to delete can be found in Program Files\Avid\EDL Manager\Settings. Also, old saved user settings do not function properly. Create new user settings.
- Before generating any EDLs, make sure the Project Type menu in the main EDL Manager window is set to the proper project for the EDL being generated. For example, if you are generating an EDL from a 720p/59.94 project, make sure the Project Type menu is set to 720p/59.94 before you generate the EDL.

- If you have an EDL loaded for a 720p/59 sequence, and try to open or create a new EDL, you might get a fatal assertion error.

Workaround: Restart EDL Manager.

- When starting EDL Manager from the Output menu, you might see an error message saying there is no disk in the drive.

Workaround: Click Cancel and the application launches.

If You Need Help

If you are having trouble using Avid EDL Manager:
